# EXCITING NEW SOFTWARE FOR YOUR MICRO

## Doctor Who and the War Lord

An intriguing text adventure featuring the quirky and irrepressible Doctor. It increases in difficulty as the adventure unfolds, presenting a real challenge to the player.

BBC Model B: Cassette  
£7.95

## Loco Motion

A remarkable animated game that gives the player control of a train travelling around an extensive network comprising about 50 screens.

BBC Model B and Acorn Electron:  
Cassette  
£6.95

## Pantry Antics

A fast, amusing and addictive game. The player takes the part of a mischievous mouse, running along the pantry shelves and earning points for each piece of crockery knocked over.

BBC Model B: Cassette  
£6.95

## White Knight Mark 12

A new, more powerful version of Martin Bryant's award-winning chess program. It includes a 'save-game' facility and other useful features.

BBC Model B: Cassette  
£9.95

## Vu-Type Disc

Vu-Type is an exciting personal aid that teaches you to touch-type without tears, using colour graphics, sound and musical tones. It is now available in a disc based version.

BBC Model B: Disc  
£18.40 (Cassette version still available: £16.10)

## Vu-Type Professional

An enhanced and expanded version of Vu-Type that includes many new Pitman-approved exercises and comprehensive documentation.

BBC Model B: Disc  
£21.95 (approx)
